Math Career Day Careers in secondary and college education

Thinking about teaching math when you graduate, in high school, middle school, or college? Come to Math Career Day and hear from experienced teachers about how to prepare for a career in teaching, how to get yourself certified as a teacher, and how to get your first teaching job. (Includes: The mysteries of the single-subject credential!)

Seating is limited, so please email cheryl.roddick@sjsu.edu to reserve a seat.
